

Pretty

pretty. constantly trying to be pretty,
time spent staring in the mirror, time spent trying to be cool,
time spent studying 'beauty' like it's a subject in school.
And time isn't the only thing you're spending.

And when you feel pretty you're brought down,
with each remark your confidence falls,
"I am pretty" turns into "am I pretty?" to "I'm not pretty"

Pretty. It's like we only care about pretty
not others, not the world, just pretty
too much time spent on fashion we've begun to lose
passion, except passion for fashion of course.

don't get me wrong self-expression is amazing
but self-obsession is draining,
too much energy spent on LOOKING good
not enough spent DOING good.

Great use of repetition
